Objective

Front-End Developer specializing in **React.js** and **Next.js**, skilled in delivering clean, efficient code and building responsive, high-performance web apps. Experienced in collaborating with teams to create seamless user experiences, using modern tools like **Redux**, **TypeScript**, and **TailwindCSS**.

Education

Helwan University

09/2020 – 06/2024 | Cairo, Egypt

- Faculty of Computer and artificial intelligence
- Very Good, 3.00 gpa

Work Experience

Front End Developer, TDS

09/2024 – Present | Cairo, Egypt

- Developed **responsive and user-friendly web applications** using modern frameworks like **React.js**.
- Collaborated with cross-functional teams to design, implement, and optimize features, ensuring **seamless performance** across all devices.
- Integrated **RESTful APIs** to enhance user interaction and optimize loading times.
- Transitioned legacy systems to **modern tools** like **Next.js**, **Redux**, and **Recoil**, improving functionality and performance.
- Worked on enhancing **loyalty systems** and improving UI/UX for better user engagement.

Front End Developer & CRM Specialist, Digital

11/2024 – 05/2025 | Freelance

- Developed **user interfaces (UI)** using **HTML5**, **CSS3**, and **JavaScript**, focusing on building interactive, high-performance web applications.
- Collaborated with the **UX/UI team** to create seamless and engaging user experiences across all devices.
- Worked on launching marketing **campaigns** using various tools like **Clever Tools** and other specialized platforms to drive effective campaigns.
- Also involved in content management and UI optimization to ensure smooth interaction and accessibility.

Skills

Front-End Development

- HTML5, CSS3, SASS, TailwindCSS, Bootstrap
- JavaScript, ES6+, TypeScript
- React.js, Next.js, Redux, Redux Toolkit, Recoil, Zustand

Back-End Development

- Node.js, Express.js
- SQL (MySQL, PostgreSQL), MongoDB

Version Control & Deployment

- Git, GitHub, GitLab
- Docker, Vercel, Netlify

Tools & Frameworks

- Power BI
- Jira, Trello
- Webpack, Babel

API & Web Services

- RESTful APIs, Postman

Courses & Internships

React web Development,

Digital Egypt Pioneers Initiative - DEPI

05/2024 – 11/2024 | Cairo, Egypt

- Currently enrolled in an intensive course focused on React and Node.js.
- Developing advanced skills in front-end and back-end web development through hands-on projects and collaborative learning.
- Engaging in practical exercises and real-world applications to build a strong foundation in front End

Web Development Internship, CodeAlpha

12/2023 – 02/2024

- 3-month internship covering: HTML, CSS, Bootstrap, JavaScript, JQuery, Reactjs.

React Web Development Internship,

Information Technology Institute (ITI)

07/2023 – 09/2023

- Learned and applied HTML, CSS, JS, ES6, React Framework, and Bootstrap.

Coding Instructor,

Freelance & Digital School by Berlitz

03/2026 – Present

- Teach **programming basics** (Scratch, HTML/CSS, JavaScript) to children (12-16 years old).
- Conduct **online and offline** coding workshops to enhance **problem-solving** and **logical thinking**.
- Work with **Digital School** to develop and deliver engaging **coding curricula**.

Coding Instructor, *Ischool*

06/2024 – 12/2025 | Cairo, Egypt

- Conducted both online and offline Computer Science courses for students aged 12 to 16, teaching four groups of 14-16 students each.
- Designed and delivered engaging lessons, combining essential computer science concepts with hands-on activities to enhance practical skills.
- Achieved a high instructor rating of 4.45/5, reflecting positive student feedback and effective teaching methods across various formats.

- B2

Projects

Freelance Portfolio Project, *Sauadi Arab*

11/2024 – 12/2024

- Developed a modern, fully responsive portfolio website using React.js and Material-UI, tailored to the client's brand identity.
- Implemented interactive features and optimized UI for smooth navigation and a visually appealing experience.
- Ensured cross-browser compatibility, performance optimization, and delivered the project on time.

[E-Commerce Platform](#) , *React*

- Developed a scalable e-commerce platform featuring secure user authentication.
- Integrated Redux for state management, RESTful APIs, and MongoDB for data storage.

[Movie Web Application](#) ,

React, Node.js, MongoDB

- Movie Explorer platform with intuitive interface and personalized recommendations.

[Portfolio Website](#) ,

– React.js, Next.js, TailwindCSS

- Developed and deployed a **personal portfolio website** showcasing UI animations and professional projects.
- Built using **React.js**, **Next.js**, and **TailwindCSS** to ensure responsiveness and smooth user experience.
- Integrated **interactive animations** and modern design for effective presentation of work.
- **Live Demo:** <https://esraa-amr-portfolio-animation.vercel.app/> 

Edara (Inventory Management System),

React, Node, Express, MySQL

- Full-stack inventory management system, served as team leader.
